Unlimited Polymer Solutions

RAUBASE PLINTH SYSTEMS

The basis for modern kitchen design

RAUBASE PLINTH SYSTEMS
Product series overview

Our RAUBASE plinth systems form the basis for modern kitchen design. They are both functional and decorative elements for any kitchen, comprising plinth covers, corner profiles, external and internal corners (90° and 135°), end caps and plinth sealing profiles.
Speaking of decoration, there are now eight decorative designs that can be ordered quickly and in small quantities.

Attention to detail is an important part of kitchen design. Gone are the days when a range of components with different surface finishes had to be painstakingly matched to one another. REHAU's metallic design-match concept enables you to work with and accentuate uniform surface finishes. Whether this is aluminium or our exclusive stainless steel finish, REHAU offers real value. From tambour doors and worktops to alcoves, carcasses and plinths, we always provide you with the best of both worlds. The functionality and processibility of polymer is combined with the aesthetic appeal and tactile characteristics of aluminium.

RAUBASE
Overview of benefits

RAUBASE plinth systems have served as the basis for modern kitchen design for more than 15 years.

- Universal metal plinth cover clips for quick and easy fastening
- Watertight sealing lip provides reliable protection against moisture and dirt
- More than 400 decorative designs in the non-standard range
- Four nominal heights coordinated with the kitchen design: 100, 125, 150 and 225 mm

Accessories

REHAU metal plinth clip

Mat. no.	Material	Colour	REHAU Design no.	Design	Delivery pack
13558601001	Aluminium	silver	-	plinth clip	20 pcs per box

Benefits:

- No need for precise, time-consuming work adjusting the fixing elements to the plinth.
- The resistance force of the spring steel fixing clip ensures optimal pressure on the sealing lip of the plinth cover at all times.

Note:

When using the fixing clip, ensure that there is a space of min. 3 mm and max. 15 mm between the upper edge of the plinth and the bottom.

REHAU plinth sealing profiles*

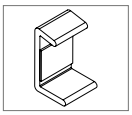

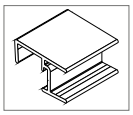

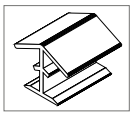

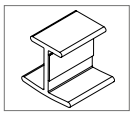

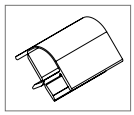

Mat. no.	Material	Colour	REHAU Design no.	Design	Delivery pack
